**EXTENDED DEADLINE: Eurogia2020 call for projects**

**Primary funder name:** EUREKA  
**Closing date:** 04 Sep 20  
**Award budget total:** -  
**Summary text:** *** The closing date for this opportunity has been extended due to the coronavirus. The previous deadline of 16 April has been extended to 4 September 2020. All other call details remain unchanged. This supports international partnerships in developing innovative projects in energy and telecommunication. ***  
**Disciplines:** Energy Conservation & Efficiency; Wind Energy; Environmental Manufacturing; Hydro, Ocean, Tidal & Wave Energy; Environmental Technology; Renewable Energy Engineering; Environmental Economics & Natural Capital; Carbon Dioxide Reduction & Mitigation; Solar Power & Photovoltaics
**Covid-19 call 2 — solutions for the next human high-impact pandemic**

**Primary funder name:** EUREKA  
**Closing date:** 15 Jul 20  
**Award budget total:** -  

**Summary text:** This supports company driven collaborative projects that result in innovative, cost-effective solutions to meet health challenges or contribute to increased sustainability and self-sufficiency in society in industry, in preparation of the next highly contagious human infectious disease pandemic. Funding for each project partner varies according to national regulations. Projects may last for up to 36 months.

**Disciplines:** Innovation & Technology Management; Health & Medical Informatics; Robotics; Disease Control

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/1014379

---

**EIT RawMaterials — fast-track innovation**

**Primary funder name:** European Institute of Innovation and Technology  
**Closing date:** 15 Jun 20  
**Award budget total:** -  

**Summary text:** This supports the knowledge and innovation community added-value activity segments of education, including PhD education, master education, lifelong learning and wider society learning, upscaling, regional innovation scheme and internationalisation. Funding is worth up to €200,000.

**Disciplines:** Any

**Website:** https://eitrawmaterials.eu/fast-track-innovation-call-2020/

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2629362
**EIT RawMaterials – Booster call for start-ups, scale-ups and SMEs in response to the Covid-19 crisis**

**Primary funder name:** European Institute of Innovation and Technology  
**Closing date:** 12 Jun 20  
**Award budget total:** -  
**Summary text:** This supports high-impact and growth potential start-ups, scale-ups and SMEs during the Covid-19 crisis and in the post-crisis economy. Grants are worth up to €200,000.  
**Disciplines:** Waste Recycling, Reduction & Recovery; Mineral Exploration; Sustainable Development & Resource Use; Mining Engineering; Renewable Energy Engineering; Materials Sciences; Metallurgy  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/2629360

**Call for access**

**Primary funder name:** European Network of Vaccine Research and Development  
**Closing date:** 05 Aug 20  
**Award budget total:** -  
**Summary text:** This supports and accelerates vaccine-related projects in the preclinical phase of development, by providing access to the services and expertise contained within the Transvac infrastructure. In addition to free access to services, Transvac may cover accommodation and travel costs.  
**Disciplines:** Immunisation Programmes & Vaccination  
**Website:** https://www.transvac.org/services-application  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/1298723

**LIFE – integrated projects**

**Primary funder name:** Executive Agency for Small and Medium-sized Enterprises  
**Closing date:** 06 Oct 20  
**Award budget total:** -  
**Summary text:** This call supports the implementation of large territorial scale environmental and climate plans or strategies within the EU. Grants are worth on average €10 million at up to 60 per cent co-funding of eligible costs.  
**Disciplines:** Environmental Science; Climate Change & Global Warming
**H2020-SC1-PHE-Coronavirus-2020-2** innovative and rapid health-related approaches to respond to COVID-19 and to deliver quick results for society for a higher level of preparedness of health systems

**Primary funder name:** Horizon 2020: Societal Challenges

**Closing date:** 11 Jun 20

**Award budget total:** €122,000,000

**Summary text:** This supports a wide scale and rapid application of health-based solutions to respond quickly to the Covid-19 pandemic. The total budget is worth €122 million.

**Disciplines:** Virology; Disease Control; Health Systems

**Website:** [https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-search;freeTextSearchKeyword=H2020-SC1-PHE-Coronavirus-2020-2;typeCodes=0,1;statusesCodes=31094501,31094502,31094503;programCode=null;programDivisionCode=null;focusAreaCode=null;crossCuttingPriorityCode=null;callCode=Default;sortQuery=submissionStatus;orderBy=asc;onlyTenders=false;topicListKey=topicSearchTablePageState](https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-search;freeTextSearchKeyword=H2020-SC1-PHE-Coronavirus-2020-2;typeCodes=0,1;statusesCodes=31094501,31094502,31094503;programCode=null;programDivisionCode=null;focusAreaCode=null;crossCuttingPriorityCode=null;callCode=Default;sortQuery=submissionStatus;orderBy=asc;onlyTenders=false;topicListKey=topicSearchTablePageState)

Support to mitigate the impact of COVID-19 pandemic

**Primary funder name:** Partnership for Advanced Computing in Europe  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** This enables researchers to access computing resources to contribute to the mitigation of the impact of the COVID-19 pandemic. Access will be awarded for between three and six months and sized from 30 to 50 million core hours.  
**Disciplines:** Immunisation Programmes & Vaccination; Supercomputers; Diagnostic Sciences; Virology; Disease Control; Epidemiology  
**Website:** https://prace-ri.eu/prace-support-to-mitigate-impact-of-covid-19-pandemic/  
**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2502901

Fast track process for COVID-19 co-creation request call

**Primary funder name:** European Open Science Cloud Secretariat  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** This supports projects for product-service development that deploy open science methods and resources and make use of the EOSC communities in order to address COVID-19 related issues. Grants are worth up to €45,000 each.  
**Disciplines:** Epidemiology; Open Access & Scholarly Publishing; Virology  
**Website:** https://www.eoscsecretariat.eu/funding-opportunities/COVID-19-Fast-Track-Funding  
**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2505150

EAPCI education and training grants

**Primary funder name:** European Society of Cardiology  
**Closing date:** 31 Jan 21  
**Award budget total:** -  
**Summary text:** These offer specialised clinical training in an ESC member country in the field of interventional cardiology. Fellowships are worth €25,000 each.  
**Disciplines:** Myocardial Infarction (Heart Attack); Cardiovascular Diseases; Cardiology
COVID-19 scientific research
Primary funder name: European Synchrotron Radiation Facility
Closing date: No deadline
Award budget total: -
Summary text: This supports urgent research projects on COVID-19 by enabling researchers to access ESRF facilities.
Disciplines: Crystallography; Structural Biology; Radiation & Matter
Website: http://www.esrf.eu/home/news/general/content-news/general/covid-19-scientific-research.html
Link to Research Professional: https://www.researchprofessional.com/funding/opportunity/2509520

International Organisations:

Osteoarthritis and osteoarthritis pain – virtual learning
Primary funder name: Pfizer
Closing date: 22 Jul 20
Award budget total: -
Summary text: This supports continuing professional education in the management of osteoarthritis and chronic pain associated with osteoarthritis. Grants are worth up to USD 250,000 each.
Disciplines: Chronic Pain; Infectious Diseases; Online, Distance & Open Learning incl. MOOCs; Further (Community) Education & Training; Pain Management; Rheumatology & Arthritis
Website: https://www.pfizer.com/purpose/independent-grants/competitive-grants
Link to Research Professional: https://www.researchprofessional.com/funding/opportunity/2631796
**Non-small cell lung cancer – current practice considerations**

**Primary funder name:** Pfizer

**Closing date:** 09 Jul 20

**Award budget total:** USD 1,000,000

**Summary text:** This supports research focusing on current practice considerations in non-small cell lung cancer. Grants are worth up to USD 250,000 each for up to two years.

**Disciplines:** Medical Devices; Telemedicine; Lung Cancer; Medical & Diagnostic Tests

**Website:** https://www.pfizer.com/purpose/independent-grants/competitive-grants

https://www.researchprofessional.com/funding/opportunity/2633097

**Vaccine preventable diseases – COVID-19**

**Primary funder name:** Pfizer

**Closing date:** 17 Jun 20

**Award budget total:** -

**Summary text:** This supports research that aims to increase knowledge of COVID-19 epidemiology, infection, pathophysiology and potential prevention measures. Grants are generally worth between USD 50,000 and USD 250,000 each.

**Disciplines:** Community Health Services; Population Studies, Medical; Pathophysiology; Infectious Diseases; Health Facilities Studies; Disease Control; Respiratory Medicine

**Website:** https://www.pfizer.com/purpose/independent-grants/competitive-grants

**Link to *Research Professional:***
https://www.researchprofessional.com/funding/opportunity/2631608

**Technical support to projects and activities of the Tropical Diseases Research’ research for implementation unit**

**Primary funder name:** World Health Organization

**Closing date:** 19 Jun 20

**Award budget total:** -

**Summary text:** The tenderer will contribute to ongoing activities of the research implementation unit, in particular the everyday management and implementation of safety databases and projects related to safety monitoring as well as other implementation research projects. The duration of assignment is one year.
Disciplines: Project Management & Resource Allocation; Nonprofit Organisations; Research Management
Website: https://www.who.int/tdr/about/jobs/imp-consultancy-2020/en/
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2633278

Nordic:

**Call for proposals for acceleration of vaccine development and global manufacturing capacity to prevent COVID-19**

**Primary funder name:** Coalition for Epidemic Preparedness Innovations  
**Closing date:** No deadline  
**Award budget total:** -

**Summary text:** This supports the rapid development of vaccines against COVID-19 with a goal of achieving licensure or emergency authorisation in 12 to 18 months or less and to ensure the availability of sufficient doses for wide-spread global deployment as soon as possible in 2021. Applicants can apply for funding of their complete development plans, or parts of development plans.  
**Disciplines:** Immunisation Programmes & Vaccination; Virology  

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2630045

**Nordic health data research projects on Covid-19**

**Primary funder name:** NordForsk  
**Closing date:** 16 Jun 20  
**Award budget total:** NOK 57,000,000  
**Summary text:** This supports the utilisation of existing health data and follow-up data collection through Nordic and Nordic-Estonian and Latvian research cooperation in order to combat the Covid-19 pandemic. Grants are worth up to NOK 10m for Nordic partners and up to €400,000 for Estonian and Latvian partners.  
**Disciplines:** Data Analysis; Virology; Health & Medical Informatics  
**Website:** https://funding.nordforsk.org/portal/#call/1904  
**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2608362
Analysis of the development and response to Covid-19 on the Nordic labour market

Primary funder name: Nordic Council of Ministers | Norden
Closing date: 07 Jul 20
Award budget total: -
Summary text: The tenderer will conduct an analysis and mapping of how the Nordic countries measures have worked to reduce unemployment and redundancies and how it will contribute to a return to a labour market as it was before the pandemic. The contract is worth DKK 1 million.
Disciplines: Nordic Studies; Labour & Demographic Economics
Website: https://www.norden.org/da/node/44384
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2633573

COVID-19 call for project applications

Primary funder name: Northern Periphery and Arctic Programme
Closing date: 30 Sep 20
Award budget total: €300,000
Summary text: This supports projects that draw on the extensive e-health expertise among Northern Periphery and Arctic programme projects and others, to explore adaptive responses to the COVID-19 virus, to exchange innovative solutions and to pool information for the benefit of the general public and healthcare staff. The indicative budget is worth €300,000 and grants are worth up to €45,000. Projects may last between two and four months.
Disciplines: Poverty; Society; Domestic Violence & Familial Abuse; Engineering; Epidemiology; Medicine & Health
Website: http://www.interreg-npa.eu/for-applicants/covid-19-call/
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2630352

Sweden:

Anslag till FoU-projekt om Covid-19 och arbetsmiljö

Primary funder name: AFA Insurance | AFA Försäkring
Closing date: 01 Oct 20
Award budget total: -
**Summary text:** Dessa stöder forskning- och utvecklingsprojekt om smittspridningen av Covid-19 och hur detta påverkar arbetslivet, arbetsmiljö och hälsa, arbetsmiljöarbete samt förutsättningar för ledarskap. Projekt ges stöd i upp till tre år.

**Disciplines:** Environmental & Occupational Health & Safety

**Omsättningssmöjligheter och samhällseffekter av covid-19**

**Primary funder name:** Swedish Research Council for Environment, Agricultural Sciences and Spatial Planning | Forskningsrådet för miljö, areella näringar och samhällsbyggande

**Closing date:** 03 Sep 20

**Award budget total:** SEK 20,000,000

**Summary text:** Dessa stöder projekt som utforskar vad samhället kan lära sig av coronakrisen och vilka omställningssmöjligheter, samhällseffekter och återhämtningsmöjligheter som finns i samband med kriser. Den totala budgeten är SEK 20 miljoner och bidrag uppgår till mellan SEK 500,000 och SEK 1m. Projekt kan pågå mellan sex månader och ett år.

**Disciplines:** Emergency Preparedness; Epidemiology; Sustainable Development & Resource Use; Climate Change & Global Warming; Social Infrastructure

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2541225

---

**COMING SOON: Project grant for research collaboration between South Korea and Sweden**

**Primary funder name:** Swedish Research Council | Vetenskapsrådet

**Closing date:** 25 Aug 20

**Award budget total:** SEK 12,000,000

**Summary text:** ***This opportunity will be available soon. The next call is expected to open on 10 June and close 25 August 2020. The following information is subject to change. This grant allows Swedish researchers to
address Covid-19 related issues in collaboration with South Korean researchers in order to explore direct measures that can be implemented within a short time frame. The total budget is worth SEK 12 million and the grant is worth SEK 1.5m over 13 months.***

**Disciplines:** Virology

**Website:** https://www.vr.se/english/applying-for-funding/calls/2020-05-12-project-grant-for-research-collaboration-between-south-korea-and-sweden.html

**Pre-studies for innovation projects in the health area that prevent future pandemics**

**Primary funder name:** Vinnova  
**Closing date:** 18 Aug 20  
**Award budget total:** SEK 30,000,000  
**Summary text:** This supports pre-health studies that help curb the spread and effects of the Covid-19 pandemic, strengthen preparedness and prevent future pandemics. The total budget is SEK 30 million. Grants are worth up to SEK 1m for up to six months.  
**Disciplines:** Disease Control  
**Website:**  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/2632044

**Innovation projects in the health field that dampen the prevalence and effects of the Covid-19 pandemic**

**Primary funder name:** Vinnova  
**Closing date:** 18 Aug 20  
**Award budget total:** -  
**Summary text:** This supports health-related innovation projects with potential to curb the spread and effects of the Covid-19 pandemic. Grants are worth up to SEK 5 million between six and 18 months.  
**Disciplines:** Disease Control; Health & Society; Health Systems; Emergency Preparedness; Public Health
UK funders:

**Modern slavery policy and human rights and evidence centre – the impact of COVID-19 on modern slavery**

**Primary funder name:** Arts and Humanities Research Council  
**Closing date:** No deadline  
**Award budget total:** -  

**Summary text:** This supports research that can generate evidence to improve understanding of the effects of the COVID-19 pandemic on behaviours, systems and structures associated with modern slavery. Grants are worth up to £150,000, with 80 per cent provided by AHRC, over six months.  
**Disciplines:** Rape, Sex Crimes & Sexual Abuse; Health & Society; Forced Marriage; Crimes Against Humanity; Human Trafficking  
**Link to *Research Professional:*** [https://www.researchprofessional.com/funding/opportunity/2557369](https://www.researchprofessional.com/funding/opportunity/2557369)

**Urgency grants pilot**

**Primary funder name:** Arts and Humanities Research Council  
**Closing date:** 31 Oct 20  
**Award budget total:** -  

**Summary text:** This enables arts and humanities researchers to respond in an agile way to unanticipated urgent research needs and opportunities that meet a development need or challenge, or have the potential to support LMICs to address the UN sustainable development goals. Proposals may have eligible costs of up to £150,000 for up to one year and are funded at 80 per cent of full economic costs.  
**Disciplines:** Emergency Preparedness; Natural Hazards & Disasters; Development Studies; Civil Conflicts & Revolutions
**Highlight notice – COVID-19 and ethnicity**

**Primary funder name:** Department of Health and Social Care including NIHR

**Closing date:** No deadline

**Award budget total:** -

**Summary text:** This supports research on the impact of COVID-19 on people from black, Asian and minority ethnic backgrounds. The size of grants will vary according to the needs of each research project, but will need to provide a robust case for value for money.

**Disciplines:** Health Disparities; Disadvantaged & Minority Groups; Virology; Health Professions & Workforce; Health of Minority Groups; Disease Control

**EXTENDED DEADLINE: Geoffrey Chamberlain award**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This award recognises an essay on an aspect of teaching or training in obstetrics and gynaecology. The prize is worth £150.***  
**Disciplines:** Virology; Disease Control; Obstetrics & Gynaecology  
**Website:** https://www.rcog.org.uk/en/careers-training/awards-grants-prizes/professor-geoffrey-chamberlain-award/  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/1865565

**EXTENDED DEADLINE: William Blair Bell memorial lectureship**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This lectureship enables a clinician or a scientist to deliver a lecture describing their personal research in any area pertaining to women's health at the college's annual academic meeting. The winner receives a free place at the meeting.***
**EXTENDED DEADLINE: John Lawson prize**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This prize recognises an article on a topic of obstetrics or gynaecology derived from work carried out in Africa between the tropics of Cancer and Capricorn. The prize is worth £150.***  
**Disciplines:** Obstetrics & Gynaecology; Health Systems in Developing Countries; Virology; Disease Control  
**Website:** https://www.rcog.org.uk/en/careers-training/awards-grants-prizes/john-lawson-prize/  
**Link to *Research Professional:**

**EXTENDED DEADLINE: Eden travelling fellowship**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This fellowship enables a medical graduate to visit other departments within obstetrics and gynaecology or a related discipline in order to gain additional knowledge and experience. The fellowship is worth up to £5,000.***  
**Disciplines:** Obstetrics & Gynaecology; Virology; Disease Control  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/245652
**EXTENDED DEADLINE: Bernhard Baron travelling fellowship**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This fellowship enables candidates to undertake short-term travel in order to expand their knowledge in an area of obstetrics and gynaecology in which they already have experience. Two fellowships are available, worth up to £6,000 each.***  
**Disciplines:** Disease Control; Virology; Obstetrics & Gynaecology  
**Website:** https://www.rcog.org.uk/en/careers-training/awards-grants-prizes/bernhard-baron-travelling-fellowship/

**EXTENDED DEADLINE: Green-Armytage and Spackman travelling fellowship**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This fellowship enables a fellow or member of the college with a special interest in a particular aspect of obstetrical or gynaecological practice to visit centres where similar work is being carried out. The award is worth up to £4,000.***  
**Disciplines:** Obstetrics & Gynaecology; Disease Control; Virology  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/250603

**EXTENDED DEADLINE: Ethicon student elective award**

**Primary funder name:** Royal College of Obstetricians and Gynaecologists  
**Closing date:** 01 Aug 20  
**Award budget total:** -  
**Summary text:** ***The closing date for this opportunity has been extended. The previous deadline of 3 July has been extended to 1 August 2020. All other call details remain unchanged. This award supports students undertaking approved***
medical electives in obstetrics and gynaecology. The award is worth up to £500.
***

**Disciplines:** Virology; Disease Control; Obstetrics & Gynaecology

**Website:** https://www.rcog.org.uk/en/careers-training/awards-grants-prizes/ethicon-student-elective-award/

US funders:

AWS diagnostic development initiative

Primary funder name: Amazon
Closing date: No deadline
Award budget total: -
Summary text: This supports innovation in rapid and accurate patient testing for COVID-19, and other diagnostic solutions to mitigate future outbreaks. Funding is provided through a combination of AWS credits and technical support to advance diagnostic research and harnessing the full potential of the cloud.
Disciplines: Diagnostic Sciences; Disease Control; Infectious Diseases; Health & Medical Informatics
Website: https://aws.amazon.com/government-education/nonprofits/disaster-response/diagnostic-dev-initiative/
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2540221

ATS/GSK research grant in COVID-19

Primary funder name: American Thoracic Society
**COVID-19 urgent response initiative**

**Primary funder name:** Draper Richards Kaplan Foundation  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** This supports innovative solutions that address time-critical social problems caused by the COVID-19 pandemic. Grants are generally worth between USD 50,000 and USD 100,000 each to cover up to 25 per cent of eligible project costs.  
**Disciplines:** Health Systems; Social Problems  
**Website:** https://www.drkfoundation.org/covid-19-funding/  
**Link to *Research Professional:***  
https://www.researchprofessional.com/funding/opportunity/2557387

**COVID-19 research grants**

**Primary funder name:** Google  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** These support researchers working on urgent public health challenges associated with COVID-19. Credits may be used to access computing software.  
**Disciplines:** Health & Medical Informatics; Population Studies, Medical; Disease Control; Public Health; Virology  
**Website:** https://edu.google.com/programs/credits/research/?modal_active=none  
**Link to *Research Professional:***  
https://www.researchprofessional.com/funding/opportunity/2557357

**Call for code global challenge**

**Primary funder name:** IBM Corporation
**Closing date:** 31 Jul 20  
**Award budget total:** -  
**Summary text:** This recognises practical and sustainable open source solutions to mitigate the impact of COVID-19 and climate change. Five prizes are available, worth between USD 10,000 and USD 200,000.  
**Disciplines:** Climate Change & Global Warming; Software Engineering; Disease Control; Open Source Software  
**Website:** https://callforcode.org/challenge/

**Notice of special interest – clinical and translational science award programme applications to address 2019 novel coronavirus public health need**

**Primary funder name:** NIH: National Center for Advancing Translational Sciences  
**Closing date:** 02 Nov 20  
**Award budget total:** -  
**Summary text:** This supports research on the 2019 novel coronavirus, with a particular focus on the use of informatics solutions to diagnose cases and advancing the translation of research findings into diagnostics, therapeutics and vaccines. The project duration is limited to the remaining active budget period for the parent award.  
**Disciplines:** Health & Medical Informatics; Respiratory Medicine; Immunisation Programmes & Vaccination; Virology
Notice of special interest – emergency competitive revisions and administrative supplements to clinical and translational science award programme awards to address 2019 novel coronavirus disease (COVID-19) public health needs

Primary funder name: NIH: National Center for Advancing Translational Sciences
Closing date: 10 Nov 20
Award budget total: -
Summary text: This supports projects in translational science that address the COVID-19 public health emergency. Up to 40 awards are available. Supplement grants are generally for a maximum period of one year.
Disciplines: Infection Agents & Pathogens; Biomedical Engineering; Medical & Diagnostic Tests; Respiratory Medicine; Medical Statistics; Health & Medical Informatics; Disease Control; Virology; Telemedicine; Clinical Surveillance; Pathogenesis
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2541515

Notice of special interest – administrative supplements and urgent competitive revisions to NCCIH grants for natural product research on severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019

Primary funder name: NIH: National Center for Complementary and Integrative Health
Closing date: 17 Aug 20
Award budget total: -
Summary text: This supports research on the effects of natural products and complementary and integrative health approaches on severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019. Awards are worth up to USD 150,000 each for up to one year.
Disciplines: Folk, Complementary & Alternative Medicine; Virology; Respiratory Medicine
Notice of special interest – emergency competitive revisions on coronavirus disease 2019 for currently active NHLBI phase I-III clinical trials

Primary funder name: NIH: National Heart, Lung and Blood Institute
Closing date: 05 Oct 20
Award budget total: -
Summary text: This supports research focusing on the safety and efficacy of interventions for primary prevention or treatment of COVID-19, associated clinical phenotypes and surrogate outcomes relevant to heart, lung and blood diseases. The maximum project period is two years.
Disciplines: Blood Diseases; Respiratory Medicine; Cardiovascular Diseases; Virology
Website: https://grants.nih.gov/grants/guide/notice-files/NOT-HL-20-782.html
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2542610

Notice of special interest – availability of emergency competitive revisions for research on severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019

Primary funder name: NIH: National Institute of Allergy and Infectious Diseases
Closing date: 25 Mar 21
Award budget total: -
Summary text: This supports research on coronavirus disease with a particular focus on viral natural history, pathogenicity and transmission. The maximum project duration is two years.
Disciplines: Respiratory Medicine; Immunisation Programmes & Vaccination; Virology; Infection Agents & Pathogens
Website: https://grants.nih.gov/grants/guide/notice-files/NOT-AI-20-034.html
Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2501569
**Urgent competitive revisions for research on the 2019 novel coronavirus**

**Primary funder name:** NIH: National Institute of Allergy and Infectious Diseases  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** This supports incorporation of data from the 2019 novel coronavirus into ongoing research efforts to develop predictive models for the spread of coronaviruses and related pathogens. The maximum project period is two years.  
**Disciplines:** Influenza; Immunisation Programmes & Vaccination; Immunopathology; Disease Control; Virology  
**Website:** https://grants.nih.gov/grants/guide/notice-files/NOT-AI-20-030.html  
**Link to *Research Professional:**

**Emergency awards – rapid investigation of severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019 (R01 clinical trial not allowed)**

**Primary funder name:** NIH: National Institute of Allergy and Infectious Diseases  
**Closing date:** No deadline  
**Award budget total:** -  
**Summary text:** These support research on SARS-CoV-2 and COVID-19. The maximum project period is five years.  
**Disciplines:** Medical & Diagnostic Tests; Disease Control; Health Systems; Pathogenesis; Epidemiology; Respiratory Medicine; Virology; Immunisation Programmes & Vaccination  
**Website:** https://grants.nih.gov/grants/guide/pa-files/PAR-20-178.html  
**Link to *Research Professional:**  
https://www.researchprofessional.com/funding/opportunity/2546827

**Emergency awards – rapid investigation of severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019 (R21 clinical trial not allowed)**

**Primary funder name:** NIH: National Institute of Allergy and Infectious Diseases  
**Closing date:** 30 Apr 21  
**Award budget total:** -
**Summary text:** These support research projects focusing on obtaining time-sensitive data to better understand key aspects of severe acute respiratory syndrome coronavirus 2 and coronavirus disease 2019. Application budgets are limited to USD 275,000 for two years.

**Disciplines:** Medical & Diagnostic Tests; Immunisation Programmes & Vaccination; Virology; Health Systems; Respiratory Medicine; Disease Control; Epidemiology; Pathogenesis

**Website:** https://grants.nih.gov/grants/guide/pa-files/PAR-20-177.html

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2546837

---

**Notice of special interest – urgent competitive revision and administrative for coronavirus disease 2019 research within the mission of the NIDCR**

**Primary funder name:** NIH: National Institute of Dental and Craniofacial Research

**Closing date:** 02 Nov 20

**Award budget total:** -

**Summary text:** This supports research with immediate and high impact to protect and ensure the safety of personnel and patients in dental practices. Grants are worth up to USD 150,000 each for one year.

**Disciplines:** Disease Control; Virology; Dentistry; Medical & Diagnostic Tests; Environmental & Occupational Health & Safety

**Website:** https://grants.nih.gov/grants/guide/notice-files/NOT-DE-20-022.html

**Link to *Research Professional:**
https://www.researchprofessional.com/funding/opportunity/2548308

---

**Notice of special interest – support for understanding the impact of environmental exposures on coronavirus disease**

**Primary funder name:** NIH: National Institute of Environmental Health Sciences

**Closing date:** 03 May 21

**Award budget total:** -

**Summary text:** This supports research aimed at understanding the impact of environmental exposures on coronavirus disease and its causative agent. Funding may last for up to two years.

**Disciplines:** Environmental Medicine; Respiratory Medicine; Virology; Infectious Diseases

**Website:** https://grants.nih.gov/grants/guide/notice-files/NOT-ES-20-020.html
Notice of special interest – urgent competitive revisions for research on coronavirus disease 2019 (COVID-19) and the causative virus SARS-CoV-2

Primary funder name: NIH: National Institute of General Medical Sciences

Closing date: 05 Feb 21

Award budget total: -

Summary text: This supports research aimed at better understanding SARS-CoV-2. Funding is provided to expand the scope of the applicant's active grant.

Disciplines: Virology; Pathogenesis; Respiratory Medicine; Disease Control; Medical & Diagnostic Tests; Infection Agents & Pathogens

Website: https://grants.nih.gov/grants/guide/notice-files/NOT-GM-20-025.html

Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2501567

Supplements for research on biological effects of the 2019 novel coronavirus on the nervous system

Primary funder name: NIH: National Institute of Neurological Disorders and Stroke

Closing date: No deadline

Award budget total: -

Summary text: These support research to address the biology, pathophysiology, prevention, diagnosis, sequelae or treatment of the 2019 novel coronavirus that are directly related to the institute's mission. Grants are worth up to USD 200,000 each for up to one year.

Disciplines: Virology; Central Nervous System

Website: https://grants.nih.gov/grants/guide/notice-files/NOT-NS-20-051.html

Link to *Research Professional: https://www.researchprofessional.com/funding/opportunity/2546835

Notice of special interest – administrative supplements and revision supplements on coronavirus disease 2019

Primary funder name: NIH: National Institute on Aging

Closing date: 01 May 21
**Award budget total:** -

**Summary text:** This supports genetic, biological, clinical, behavioural, social and economic research on ageing as it relates to the COVID-19 pandemic. The project period will generally be limited to one year.

**Disciplines:** Geriatrics & Gerontology; Respiratory Medicine; Virology; Public Health; Pathogenesis; Disease Control

**Link to *Research Professional:***
https://www.researchprofessional.com/funding/opportunity/2503311

---

**Notice of special interest – administrative supplements and competitive revision supplements on coronavirus disease 2019 within the mission of the NIAAA**

**Primary funder name:** NIH: National Institute on Alcohol Abuse and Alcoholism

**Closing date:** 15 Apr 21

**Award budget total:** -

**Summary text:** This supports research on the impact of alcohol as a biological contributor to COVID-19 outcomes in order to enhance the response to the pandemic and better respond to future public health emergencies. Budgets are worth up to USD 100,000 in direct costs per year for up to two years.

**Disciplines:** Stress, Psychological; Drug & Substance Abuse; Infectious Diseases; Alcoholism; Behavioural Medicine; Virology

**Link to *Research Professional:***
https://www.researchprofessional.com/funding/opportunity/2509553

---

**Notice of special interest – research on the impact of COVID-19 on mission specific sensory and communication disorders**

**Primary funder name:** NIH: National Institute on Deafness and other Communication Disorders

**Closing date:** 08 Sep 22

**Award budget total:** -

**Summary text:** This supports research on the impact of SARS-CoV-2 on the sensory and communicative functions, including hearing, balance, taste, smell, voice, speech and language.

**Disciplines:** Deafness; Telemedicine; Speech & Language Therapy; Speech Pathology & Disorders; Infectious Diseases

**Website:** [https://grants.nih.gov/grants/guide/notice-files/NOT-DC-20-008.html](https://grants.nih.gov/grants/guide/notice-files/NOT-DC-20-008.html)
Notice of special interest – administrative supplements and urgent competitive revisions for research on the 2019 novel coronavirus

Primary funder name: NIH: National Institute on Drug Abuse
Closing date: 31 Mar 21
Award budget total: -

Summary text: These provide revision funding to active grants to address research collecting and examining data on the risks and outcomes for COVID-19 infection in individuals suffering from substance use disorders. Supplements are worth up to USD 100,000 each per year for a maximum period of two years.

Disciplines: Alcoholism; Respiratory Medicine; Virology; Infection Agents & Pathogens; Drug & Substance Abuse

Website: https://grants.nih.gov/grants/guide/notice-files/NOT-DA-20-047.html

Notice of special interest – data driven research on coronavirus disease 2019

Primary funder name: NIH: National Library of Medicine
Closing date: 16 Jun 20
Award budget total: -

Summary text: This supports research to improve understanding of the infection of severe acute respiratory syndrome coronavirus and coronavirus disease 2019. Application budgets are limited to USD 275,000 for two years.

Disciplines: Infectious Diseases; Data Mining; Health & Medical Informatics
