Brief introduction of what I am doing as a researcher

Solution-processed optoelectronic devices
My experience with different grants

- VR INCA grant
- ERC Starting grant (high risk, high gain)
- WAF (high risk, high gain; leadership)
- SSF FFL (leadership)

- Feasibility is also important
Tips that could be useful

- Talk with those who have obtained these grants and also those who tried but failed
Tips that could be useful

• Talk with those who have obtained these grants and also those who tried but failed
• Get prepared— it takes time for a good proposal
• Make use of the grant office
• Have fun
Thank you!
