

Grants Office in your coffee room @ IFM

This spring, the Grants Office will visit the coffee room Zenit at IFM where we will be ready to answer your questions on research funding.

Discuss your funding strategies and available funding opportunities, or perhaps set up a search in research funding database Research Professional. So, please drop by sometime between 14.00-15.30 if you are curious about external research funding and the services provided by the Grants Office, or in need of practical support.
