

# eISP flow

Roles in eISP entered by administrator (dept)

Work flow

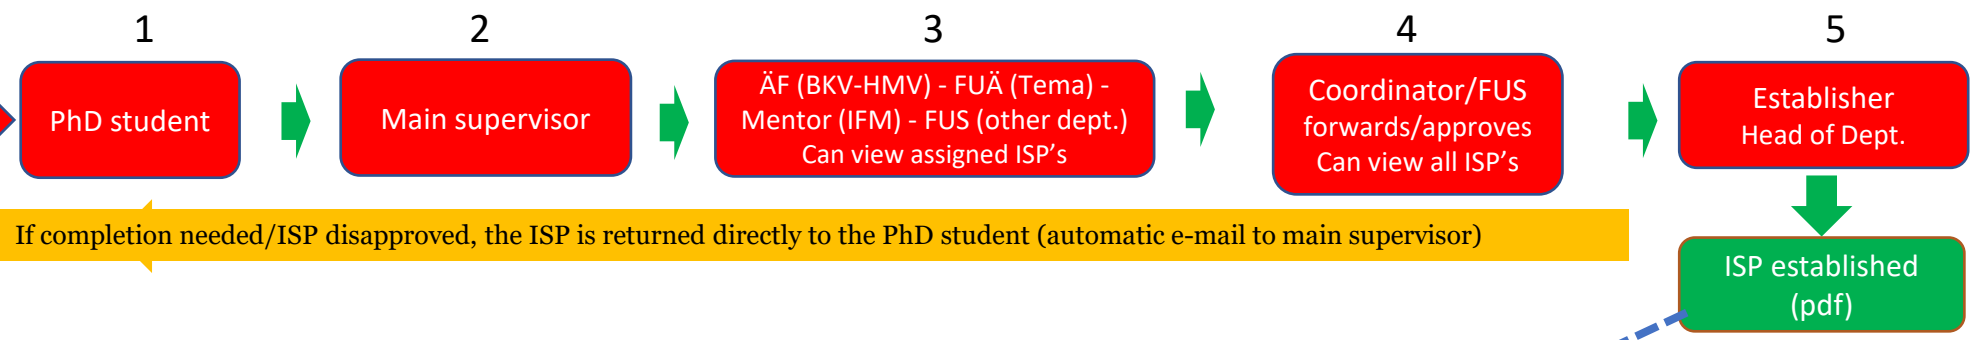

Stay in work flow/save mode until the ISP is **completed by both of you**, then the PhD student starts the **approval flow** when **revision** is due and you want to get the ISP established.

Assistant supervisor: can only view the ISP when added (not edit)

eISP role #

Approval flow (when revision is due)

Start new revision (PhD student or main supervisor)  
Recommendation – start directly after establishment, keep open during year, for updates

ISP diarieförs ej längre (eISP-system = arkiv)
